

Sales Specification Sheet

Product Code – CHGTS1300HONDA

Product Description – CHIPPER GTM 1300 C/W 13HP HONDA ENGINE VER 4

Product Specification & Technical Data

The GTM 13HP Chipper brought to you by The Hire Supply Company is a powerful chipper for professional use. The mechanism is a drum on which 2 blades are mounted. Branches with a diameter up to 8.5cm are easily pulled in and chipped. The machine is among others equipped with a safety rail around the hopper as emergency stop. The rotor lock and disconnect switches on both imports and exports by blocking the action during (maintenance) activities.
